*If there were one city I should pick to live in, it would be New York.
It is a city where I walk down the street and feel anything is possible.*

Maria Schell, Actress

Clichés aside, one of Pratt's many merits is its location. This year's *Prattonia* aims to celebrate our time at Pratt within the context of New York: a city which has provided us a host of experiences, each one playing a role in the advancement of our pursuits. It is a city which nurtures the creative spirit inherent in all of us. We are surrounded by extraordinary opportunities, as numerous and varied as the people here. In a sense, New York is not only a backdrop but also a metaphor for the class of 2005. We are as diverse as the city itself.
